

Workforce Development Network Meetings

3rd November, Dundee Contemporary Arts, Dundee
10th November, Mitchell Library, Glasgow
10am-1pm (*followed by networking lunch*)

Programme

10.00 Welcome and Introductions

10.10 The Continuous Learning Framework Fiona Clark / Wilma Patterson, Scottish Social Services Council

The Continuous Learning Framework is designed to help your organisation enhance its existing systems, and create the conditions required for workers to be the best they can be.

This session will take a practical look at how you could use or adapt the framework to support recruitment, supervision, appraisal and workforce development. There will also be time for discussion and for sharing tips and ideas with colleagues for how to get started.

11.20 The Workforce Unit new CLF Audit Tool

The Workforce Unit is currently developing an audit tool to help your organisation “plan for learning, development and improved practice”. This is your chance to hear more about the audit tool, and how you could use within your organisation.

11.40 Consultation on Qualifications Requirements for Care at Home Managers

The Scottish Social Services Council will start registering managers of a care at home services from December 2010. The SSSC is running a consultation with the sector (November 2009-Feb 2010) about the qualification requirements for these workers. The Workforce Unit is keen to hear your views and make sure that voluntary sector interests are fed into the consultation.

12.40 Care Accolades

Does your organisation have what it takes to win a Care Accolade? We will talk about how voluntary sector organisations can get involved in the competition, what you need to think about if you are putting together an application and how the Workforce Unit can support you to do this.

1.00 Networking Lunch
